

Tilting tumbler

VTT-750

Automatic vacuum massage and salting machine with 750 litres capacity or max.450 kg loading capacity, depending on product. For gentle, yet effective massaging of fresh meat with or without bones, under varying vacuum (with controlled cooling). Thanks to the tilting construction the loading and unloading time is significantly reduced.

Special features

- Permanent and interval massage with permanent and interval vacuum can be combined as needed
- Variable rotational speed of the drum is adjustable (3-9 rpm)
- Automatic central lubrication of gear ring
- No Hydraulics involved
- Easy to operate and clean
